Kind Attn: Mr.Ashok Seth

Dear Ashok Seth,

Sub: Solitaire Centreless Grinder – 200 mm supplied by you.

We are very proud to inform you that on your machine, we are able to grind very close tolerances on textile spindle shaft. In fact, we are successful in grinding a Rotor shaft for an export customer within 2 microns and most of the shafts have repeated within 1.5 microns.

We are happy that we have chosen your Centreless Grinder, which assists us to meeting the close tolerances expected by our customers.

We once again reiterate that we are happy with your quality of machines.

Best wishes for your good services to continue always with improved quality.

Yours faithfully,

For **RAMBAL LIMITED**
