

Hello Ashok & Harsh

How are you, I hope everything is going well.

I'm not sure if the first email went through or not so I have sent this second email. I can confirm that we have received the replacement "retainer – front Water" part for our CNC centreless grinder and gasket. I would like to thank you very much for your exceptional customer service and speed in which you had this component delivered to us. There are not too many companies left that would assist customers so effectively.

Thank you once again and I look forward to talking to you in the future.

Regards Michael Scholes and the Maryborough factory staff.
